

Donates face masks

In an effort to aid the fight against the Covid-19 pandemic, the Raubex Group donated 1 000 face masks to the Freedom Square Primary Healthcare Clinic in Bloemfontein. Representatives of the group handed over the masks to the clinic staff on Thursday (21/05). From the left are Masabat Kgoare, Joseph Titisi (Raubex), Hilda Moses, Kelebogile Morata, Mosele Sani, Nnini Phakontsi and Jaco Louw (Raubex). The donation is also the group's way of recognising the great work of healthcare practitioners in the fight against Covid-19. The Freedom Square Clinic is one of three clinics to receive a much-needed donation of 1 000 masks. The Kagisanong Clinic and the Batho Clinic also received donations.
